

Faces

All you will need for this challenge is 3 pieces of red, yellow, blue and green Lego (you can replace with different colours if you need). The idea is to try and recreate the pictures below.

How do I play?

- Put your Lego in a pile at one end of the room, at the other end have a space where you can create your picture
- You then have to travel to collect 1 piece of Lego at a time and bring it back to create your picture.
- Change it up by using the **STEP** principle below;
 - **Space** – Can you change the area? Could you put some obstacles that you have to go round?
 - **Task** – Can you change the way you travel – i.e – jump, roll, perform a balance half way?
 - **Equipment** – If you don't have Lego, you could make some coloured squares
 - **People** – Make one of your own up for a family member or could you race against someone else?

<p>Happy Horace</p>	<p>Confused Colin</p>	<p>Surprised Simon</p>
<p>Cheeky Chester</p>	<p>Bald Bill</p>	<p>Wacky Wilma</p>
<p>Smart Sid</p>	<p>Beautiful Betsy</p>	<p>Create your own!</p>
